'Death to Nuggets' is a new  
melbourne based initiative.  
Together with a bunch of Melbourne's  
top cafes, we are working towards  
helping parents to educate their  
kids on healthier and more  
interesting choices and stray away  
from the usual beige suspects that  
give them none of the nutrients  
they are desperate for. Let's get  
our kids into real food.  
Death to nuggets!
